

Subject: Letter of Recommendation for Pete Johnson

To Whom It May Concern:

Shortly after Hurricane Wilma we saw a TV interview featuring Pete Johnson. Pete was discussing the benefits of hiring a public claims adjuster. We met with Pete that week and signed a contract authorizing him to represent us with our insurance company. We opted not to rely on the services of our own insurance company as we had last year, when our home sustained damages from Hurricanes Francis and Jeanne.

Pete assisted us in preparing and presenting our claim to the insurance company and negotiated a fair settlement. He performed the same services as the insurance company adjuster; however, Pete worked in the best interest of us, rather than the insurance company. Pete helped us recover from the damages caused by Mother Nature and made the recovery more bearable. We are very appreciative of his help and expertise and how quickly the process was completed.

Sincerely,

The image shows two handwritten signatures in cursive. The top signature is 'Rhona Leggiere' and the bottom signature is 'Gary A. Leggiere'. Both signatures are written in dark ink on a white background.
